

## COMPLETES DRAFT OF PUBLIC UTILITY BILL

**Governor Would Abolish  
Present Railroad and  
Warehouse Commission**

**FOR ALL CITIES OF 25,000**

**Measure Provides That All Cities  
Under 25,000 Population Pass  
Under Act Automatically**

**OPTIONAL WITH LARGER CITIES**

SPRINGFIELD, ILL., APRIL 11.—Governor Dunne is in favor of abolishing the present railroad and warehouse commission and turning over the duties of that body to the proposed new public utilities commission.

The governor has finally completed his draft of the public utility bill which will carry the stamp of the administration and provide abolishment of the railroad and warehouse commission.

The governor's measure creates a commission of five persons, whose salaries is fixed at \$10,000 each. A feature of the measure is a provision that all cities under 25,000 population pass under the act automatically, while it is optional with cities of greater population to either accept the act as applying to themselves or staying from under it. As under the original draft provision is made for a city to withdraw by referendum vote after it is once applied.

The following cities of over 25,000 population would not be amendable to the act unless they decided either by council ordinance or by referendum vote to apply to it: Chicago, Peoria, Springfield, Aurora, Bloomington, Danville, Decatur, East St. Louis, Elgin, Evanston, Joliet, Moline, Quincy, Rock Island.

Governor Dunne announced this afternoon that he will also submit to the assembly another bill empowering cities to acquire and operate public utilities of all sorts. This will include street railways, telephone lines, gas plants, electric light, heating and power plants, etc.

**Urges Passage of Resolution.**  
Senator W. Duff Piercy, chairman of the senate committee on constitutional amendments which this week reported out with a favorable recommendation the initiative and referendum resolution and which was made a special order in the senate for next Wednesday morning, tonight issued a statement urging passage of the resolution. He says it is expected that the measure will pass the senate and that it has a better chance of favorable action in the house than ever before.

The senator says Governor Dunne was elected on an initiative and referendum platform, that the people have voted twice for the proposition and that he has received hundreds of letters and telegrams from various organizations and individuals urging passage of the measure.

**Ryan Filed Application.**  
State Treasurer William Ryan Jr., today filed in the county court an application to be restored to the registration list and in the circuit court filed a petition for an injunction preventing the township board from declaring his office as commissioner of highways vacant and appointing his successor.

Treasurer Ryan was denied the privilege of voting at the recent township election, and has since received an opinion from the attorney general that he was wrongfully deprived of that right.

**Appoints House Committee.**  
Speaker McKinley announced the appointment this morning of the following committees:

**State Institutions.**  
O'Rourke, chairman; Tucker, Sullivan, Griffin, R. R. Thompson, Butts, Lovejoy, Burres, Boyd, Crawford, Devine, Weber, Wm. Rowe, Baker, Wood, Hryby, Walsh, Henneberry, Souter, Rothchild, Hoffman, Lloyd—22.

## J. P. MORGAN'S BODY REACHES NEW YORK

**LIES IN STATE AMONG ART TREASURES OF HIS PRIVATE LIBRARY**

Body of Dead Financier Will Lie in State Until Monday When the Funeral Services Will Be Held in St. George Protestant Episcopal Church.

NEW YORK, APRIL 11.—The body of J. Pierpont Morgan lies tonight among the art treasures of his private library. It reached New York on the steamer "France" in a driving car, this afternoon, and at dusk was taken from the ship's mortuary chapel, somber in heavy velvet and resplendent in silver and gold, to a motor hearse which conveyed it from the pier to the library. The body of the dead financier will lie in state until Monday morning when the funeral services will be held in St. George's Episcopal church.

**France Flags at Halfmast.**  
The France came into the harbor with her flags at halfmast. Mrs. Horatio L. Satterlee, the dead financier's daughter, and Miss Helen Morgan Hamilton, his grand daughter, the only women in the funeral party, were met aboard the vessel by Mrs. J. P. Morgan, Jr. The three women left in an automobile for the Morgan home before the body was removed.

**Casket Draped With U. S. Flag.**  
Uniformed men of the France's crew carried the heavy casket from the mortuary chapel. Across it was draped a great American flag (the same flag which the United States government gave to France to commemorate her maiden voyage as the largest ship which the French had ever sent over to America).

The casket passed between a double file of the ship's company, standing at attention with bared heads in the passageway, while the ship's orchestra played "The Star Spangled Banner."

**Body Taken to Morgan Home.**  
Through the drenching rain the hearse slowly carried its burden to the Morgan home followed by the funeral party.

The catafalque on which the casket had rested was draped with its great covering of black with a gold embroidered cross in the center. At the head and foot their rose two silver electrolite back of the catafalque there hung heavy drapery brilliant with gold and silver trimmings; the walls of the death room were spangled with silver stars and Maltese crosses with fleur de lis here and there.

In this mortuary chapel J. P. Morgan, Jr., that was, looked for the first time upon the body of his father when he boarded the France at quarantine.

## KEPT ALIVE BY PULMONOT.

Chicago, April 11.—Three men who by operating a pulmotor had kept alive the infant son of Arthur Terse for twenty-two hours ceased their efforts today when a physician pronounced it dead. A doctor in attendance at birth asserted the baby was dead, but upon appeal from the father made a second examination and found a faint spark of life.

## KNOX COLLEGE TAKES FIRST.

Bloomington, Ill., April 11.—Vern Welch, of Knox college, Galesburg, won first place tonight in the Peace oratorical contest among seven universities of Illinois, held at Aledo. Richard Dunne, of Wesleyan university, Bloomington, was second, and Frank Slater, of the University of Illinois, Urbana, third.

## Lovejoy, Chas. Curran, H. A. Foster,

Hubbard, Morray, Hryby, Sherman Barron—23.

## PFANSCHMIDT TAKES STAND IN OWN BEHALF

**Tells Jury He Is Wholly Innocent of Crime Which He Is Charged**

**ESTABLISHES AN ALIBI**

**His Story of Events On Night When Murders are Alleged to Occur Remains Unshaken**

**TO BE CROSS EXAMINED TODAY**

QUINCY, ILL., APRIL 11.—Ray Pfanschmidt himself today told the jury which is trying him for his life that he is wholly innocent of the terrible charge which is hanging over him. Without hesitation and with the most marvelous memory as to details he told his story, which so far has been unshaken by the most adroit cross-examination. He established for himself, by his own testimony, an alibi for the Friday and Saturday nights of September 27th and 28th, 1912, the two nights when the state alleges the crime on the Pfanschmidt farm was committed. When court adjourned at 6 o'clock he was still on the witness stand under cross-examination of Attorney John E. Wall, who is assisting the state's attorney, Fred Wolfe. Mr. Wall has not gone far with his cross-examination, the principal part of which will be made at tomorrow's session of the court.

**Testimony Is Surprising.**  
The calling of the young defendant was a great surprise to all in the court room, including the attorneys for the state. The impression prevailed that the defense would try to establish an alibi for the defendant by the testimony of others. No intention had been given by the defense that Ray Pfanschmidt would be called this afternoon and there was a hush in the court room as the most talked of youth in Adams county stepped boldly to the witness stand to face the greatest ordeal of his life.

**His Alibi for Friday Night.**  
"The last time I saw my parents was on the Sunday before the fire," the statement of Ray Pfanschmidt, and which so far has not been shaken. His attorney, George Govert, led him through the several days of the week until the Friday night, when, it is alleged, the crime was committed. On Friday night, he says, he went to see his fiancée, Miss Esther Reeder, left her about 10:30 and then came to Quincy, stopping at a lunch counter and then going to his tent north of the city. He arrived home about 12 o'clock and spoke to his tent mate, Willis Seehorn.

Saturday he was around Quincy all day long wearing the same khaki suit Saturday which he had worn Friday night, the only difference in his dress being that he wore a long rain coat over his suit. The rain night he played pool until 10:30 and then went straight to his tent, no one being there when he arrived.

The theory of the state is that from Reeder's place he went to the Pfanschmidt home and came to his own tent about 2:30 Saturday morning. Seehorn testifying that it was after 1:30 when Pfanschmidt arrived; that Saturday morning he appeared wearing a blue serge suit early in the morning, changing later to an old khaki suit, which he had, and that he returned to the farm Saturday night and burned down the house. This is the conflict in testimony of the witnesses for the state and of the defendant given today.

Ray Pfanschmidt further testified today that he had never told any person that there was a "strange" gasoline can in "a strange place." Does Not Explain Bloody Clothes.  
On direct examination the defendant made no attempt to explain the bloody clothes found in the vault except to say that he had given one suit to Ben Holman, a helper on the dynamiting job, and had never seen this khaki suit again. Attorney Wall had not touched upon this matter in his cross-examination up to the adjournment of court today.

The defense is working on the theory that the fire at the Pfanschmidt farm began early Saturday evening when Ray Pfanschmidt was still admittedly in Quincy. The defense further insists that there was an odor of burning flesh about the Pfanschmidt farm all day Saturday, claiming thereby to prove that some person was in the house destroying the bodies of the victims. All day Saturday Ray was in Quincy.

The crowds that clamor to gain admission to the court room were larger than ever to day and the restraining of the men taxes the ability of Sheriff Lipps and his deputies. There is no disorder beyond the eagerness to gain admission to the court room.

## HELD FOR GERLOSKI'S DEATH.

Springfield, Ill., April 11.—Gabriel Schwartz, who was shot at his home Wednesday night, died today. Mrs. Agnes Schwartz, his wife, confessed that Leon Gerloski, a boarder at the Schwartz home, had shot the victim. The authorities believe a love affair existed between Mrs. Schwartz and Gerloski. Both are being held pending the coroner's investigation. Gerloski denies the charge.

## CHICAGO HOTELS AID IN GIRLS RUIN

**"SHADY" DOWNTOWN HOTELS FURTHER THEIR DOWNFALL**

Hotel Employe Tells of Girls Who Were Brought to the Hotel in an Intoxicated Condition—Girl Tells Story of Her Ruin.

CHICAGO, APRIL 11.—Testimony as to the assistance of certain downtown hotels in furthering the downfall of young girls was given at today's session of the Illinois legislative committee on juvenile delinquency, which is attempting to uncover the reasons why girls drift into immoral lives.

After juvenile court officers and social workers had testified concerning immoral dance halls, and one girl witness had told her story of her ruin, George Tollen, an employe of a hotel a few doors from detective headquarters took the stand and told of how girls as young as fifteen years of age were brought to the place.

Young women were often brought there in taxi cabs, in a state of intoxication, often declared. He said that he had often heard girls sobbing and pleading in the rooms. The sixteen rooms of the place were rented nightly to an average of one hundred couples, he said.

**Tells Pitiful Story.**  
A pitiful story by Tollen of the suicide of a sweetheart under stress of poverty and disgrace, led to the issue by the commission of a subpoena for Coroner Hoffman with a view to ascertaining the number of suicides of girls in "shady" hotels and resorts.

Tollen related that he and his sweetheart each received \$5 a week. They subsisted on this until she fell sick when he gave up his room to buy her medicines, food and doctor's services, and slept in box cars. He finally succumbed to privations and was taken to a hospital, where he remained a month in ignorance of the girl's fate.

When he was released he found that the worst had happened. She had walked the streets penniless and hungry, until finally exhausted, she had fallen into the clutches of a "white slave." "She cried on my shoulder," Tollen said, "the story of how she couldn't stand it longer and had fallen. The next morning she was dead." She had killed herself.

Coroner Hoffman testified that of the 1,500 women suicides in his eight years' tenure of office most were because of despondency, the chief cause of which was lack of money. He suggested a commission to study the suicide problem and industrial accidents, which often left widows and girls helpless and a prey to vicissitudes.

## CAIRO BUSINESS HOUSES OPEN FOR BUSINESS TODAY

**Ohio Is Falling Slowly and Trade Will Be Resumed For First Time in Twelve Days.**

Cairo, Ill., April 11.—With the Ohio river slowly falling, it is thought that Cairo, by Monday, will be entirely out of danger from the flood. The river fell one-tenth of a foot since this morning and tonight registered 54.3 feet.

All business houses will open tomorrow morning for the first time in twelve days. The naval reserves and the life-saving crew have been ordered back to Chicago and will leave for that city in the morning. One company of the Illinois National Guard arrived here from Mount City this afternoon and will remain on duty until all danger is over. Three companies of militia remain at Mount City to help with levee work.

Lieut. S. B. Schner, United States army representative, today sent a steamer to Medley, Mo., which brought refugees and livestock to Cairo.

The Illinois state board of health is taking every precaution to prevent an epidemic of disease in the flooded districts.

## OHIO DEATH LIST INCREASES.

Columbus, O., April 11.—Revised statistics compiled by field agents of the Red Cross reporting to the headquarters in this city were given out today showing that 500 or more persons were drowned in Ohio in the floods of March 25. The last previous estimate of the same authorities had made the death list 463.

## GIVE TWO PLAYS TO RAISE ENDOWMENT FUND

**Students of the School of Expression at I. W. C. Stage "Pipe of Peace" and "The Obstinate Family."**

"Pipe of Peace," a comedy and "The Obstinate Family," a farce, were given last night in music hall at the Woman's college by pupils of the Department of Expression. The students promised a contribution toward the endowment fund and took this manner of raising part of the subscription.

The characters in the "Pipe of Peace" were:  
Joseph Terrill ..... Floyd Williamson  
Gladys Terrill (his wife) ..... Frances Frazee  
Mollie (the maid) ..... Elizabeth Metcalf  
The characters in the "Obstinate Family" were:  
Lucy ..... Esther Rice  
James ..... Elma Harmel  
Mr. Harwood ..... Nance Shirding  
Mrs. Harwood ..... Catherine Walters  
Henry Harwood ..... Mildred Aldrich  
Jessie Harwood (his wife) ..... Ida Perry  
The various characters were portrayed in a splendid manner and special mention should be made of Miss Shirding, who played the part of the old Englishman in the "Obstinate Family." The students were trained by Miss Amanda Kidder, head of the School of Expression.

## TWO U. S. SEAMEN KILLED BY MEXICANS

**Chief of Police of Guayamas Responsible for Deaths of Sailors on Shore Leave**

**OTHERS WERE WOUNDED**

**Three Other Men from Cruiser California Were Wounded During the Fight**

**U. S. SHIPS CAUSE TROUBLE**

WASHINGTON, APRIL 11.—The attention of the state department which lately has been given to a vexatious problem arising from the repeated wounding of American soldiers and other American citizens along the Mexican border was today directed to the serious situation resulting from the slaying of a petty officer and a sailor from the United States battleship California at Guayamas.

Charles D. Taylor, consular agent at Guayamas, in reporting the deaths to the department said a strict investigation was being made. The shooting was done by the chief of police of Guayamas and as American sailors going ashore in a foreign country invariably go unarmed, officials here will insist that the circumstances of the slaying be probed to the bottom.

If the Mexican authorities are unable to show that there was provocation for the attack by the armed police, serious consequences may ensue. It was pointed out that the double killing will be taken as an indication of the inadequacy of the president and have an influence when the United States gives further consideration to the question of recognition of the Huerta government.

## Anti-American Feeling Strong.

Guayamas Sonora, Mex., April 11. The killing here of Seamen J. C. Klesow and W. W. Corrie and the wounding of three other sailors from the United States cruiser California, resulted today in a request from Americans at Mazatlan that a cruiser be detailed to the Pacific port. Anti-American feeling is said to have resulted at other points down the west coast, and is said to have occasioned the fight between American sailors and police here.

An official consular report from an eye-witness of the fight of Wednesday morning says that the Americans were drunk. The men are said to have been shot by the chief of police. It is said the police attempted to quiet a carousing party, that their action was resented by the American seamen and a fight ensued. So far it is not certain which side fired the first shots. The sailors were on shore leave. The bodies of the two killed Americans have been removed to the cruiser. The American commander and Mazatlan authorities promptly exchanged regrets.

For some time irritation on the part of Mexicans had been evident, admittedly caused by the presence in Mexican waters of American ships of war. All sailors permitted to go on shore leave had been given strict orders to maintain friendly relations.

## POPE BESTOWS PAPAL BLESSING UPON BISHOPS

**Recovery of the Pope From the Relapse Is Progressing Rapidly.**

Rome, April 11.—Despite the injunctions of his physicians and the remonstrances of his attendants, Pope Pius this afternoon received in audience three bishops, who had headed pilgrimage to Rome to visit him and bestowed upon them the papal blessing.

Tonight his holiness, wearied by his efforts, fell into a deep sleep immediately after his physicians had made their customary call.

The meeting between the pontiff and the three aged bishops was pathetic. As they entered the sick room they threw themselves at the feet of the pope, who was sitting in his arm chair.

The pope smiled and, lifting his hands above their heads, bestowed his blessing. This, he said, was intended not alone for the prelates, but for the pilgrims who had journeyed to Rome to pay him tribute.

The bishops who had been warned to make the audience as short as possible left the papal bedroom, their eyes brimming with tears.

## FIGHT DUEL WITH KNIVES.

Fort William, Ont., April 11.—Mrs. M. Benjamin, aged 18, and Sam Jacobs, aged 29, fought a duel with knives in the woman's home here today. Both are in the hospital, the woman with a gash in the abdomen and the man with thirteen wounds in his chest and stomach. The woman cannot recover and the man has little chance. Mrs. Benjamin claims that Jacobs attacked her.

## MYSTERIOUS PRISONER REVEALS HIS IDENTITY

**ADMITS HE IS SON OF PROF. CARL VON KLEIN, A NOTED SCHOLAR**

Although the Young Man Believes He Will Be Able to Clear His Name Before the Court He Wished to Keep His Identity a Secret to Spare His Father.

CHICAGO, APRIL 11.—"Jack" Lewis, accused by two women of deserting and taking jewelry worth \$9,000, admitted tonight in the county jail that he is Edmund E. C. VonKlein, son of Prof. Carl VonKlein, a widely known translator. For four days he steadfastly refused to say who he was and confessed his identity only after several persons asserted he was VonKlein.

Prof. VonKlein, the prisoner's father, visited the offices of his son's attorneys today before he knew that it was his son who was under arrest.

"If you are my son, do not deny it," he sent word to the man in jail. "I do not believe you have done wrong and will aid you."

When the lawyers returned with the young man's statement the father collapsed.

**Reveals His Identity.**  
"I am no man of mystery," Young VonKlein told the lawyers, "but the son of a reputable citizen and scholar whose researches are known to the entire literary and medical world, and who impoverished himself by devoting the last twenty years of his life deciphering an old Egyptian medical papyrus. I am past thirty years old and from my boyhood the one desire of my father has always been to rear me in an atmosphere of learning and honesty and to that end I received a thorough academic training."

"My friends are numbered among the best people in the United States. I kept silent so long to shield my family from disgrace because of these untrue allegations against me. John J. Abbott, former president of the clearing house association of Chicago knows me well. I have conducted business transactions running into the thousands with him. Governor Eberhardt of Minnesota is my personal friend. I could refer you to scores of others but why bring more of these gentlemen into print in connection with these dastardly charges? I have built up a reputation by years of honest application and at a time like this I can call these good friends who know my character and reputation and will testify to it, and these accusations will crumble like rotten timber at my hearing."

**Will Tell Story to Court.**  
"When the time comes for me to tell my story in court, no finger of suspicion or scorn will be pointed against me."

From many parts of the country telegrams arrived today from chiefs of police who believe that VonKlein is the man who deceived women in their cities and robbed them of their jewelry. They have seen a likeness of him published in Chicago newspapers and VonKlein's description is so identical with that of the man they seek, they are positive the prisoner is he.

VonKlein was arrested Sunday evening outside a downtown hotel in company with Miss Ethel Newcomb. She was with her sister in a hotel when VonKlein walked through. She accosted him, told him he was "Jack Lewis" who had married her in Portland, Oregon, and later left her taking her valuables. He denied the charges but invited her to dine with him. While they were ordering Miss Newcomb's sister called the police.

**Acquainted With VonKlein.**  
St. Paul, Minn., April 11.—Governor Eberhardt stated tonight that he personally was acquainted with Edmund E. C. VonKlein of Minneapolis who is being held by the Chicago police.

"I have not seen Mr. VonKlein for several months. So far as I know his reputation in the Twin Cities never has been questioned," Governor Eberhardt said.

## SUFFRAGETTES ON WAR PATH.

London, April 11.—The militant suffragettes started a fresh raid today by attacking the fire alarms in the London streets. They destroyed three. In each case a card bearing the words "Votes for Women" was attached to the damaged apparatus.

## PIONEER RESIDENT DIES.

Chicago, April 11.—Marion Johnson, a friend of Abraham Lincoln and who was marshal of the Lincoln funeral procession at Springfield, died at his home here today, aged 80 years.

## WEATHER INDICATIONS AND TEMPERATURES.

Washington, April 11.—For Illinois—Fair Saturday and Sunday; rising temperature; light northwest winds becoming variable.

## SHOE MACHINERY PLACED ON FREE LIST

**Democrats Break Away From Ways and Means Committee Tax**

**RAPS ALLEGED TRUST**

**Oglesby Arraigns So-Called United Shoe Machinery Trust and Urges Free List Plan**

**WILL TAKE UP SUGAR TODAY**

WASHINGTON, APRIL 11.—Shoe machinery, now taxed 45 per cent and on which a reduction to 25 per cent was proposed by the tariff revision bill was ordered transferred to the free list by the Democratic caucus of the house today. It was the first real break of the Democrats from the ways and means committee rates, though earlier in the day the caucus had agreed to an amendment under which lead, containing a strain of less than three per cent of zinc would be admitted free of duty on the zinc contained in it. For three days there had been a great deal of speech-making from members with and without grievances, but all amendments proposed had been steadily voted down with majorities satisfactory to the Democratic leaders. Shoe machinery amendment followed a lively discussion in which Representative Oglesby of New York, a new member, arraigned the so-called United Shoe Machinery trust and pointed to the free list as an opportunity to let in competition. The other development of the day was the agreement of Louisiana members on an anti-free sugar schedule program in the caucus, with Representative Brunsard on guard to offer a series of amendments to the sugar schedule to represent the sentiments of Louisiana can sugar interests, and the beet sugar sections.

## Will Take Up Sugar Today.

The sugar schedule will be taken up tomorrow with an all day fight in prospect. Representative Hardwick of Georgia and others are insistent upon immediate free sugar. The Brunsard amendments would make the hundred weight rate on 96 degree sugar from Cuba 1.14 on passage of the bill, \$1.056 on June 30th, 1916 and 97.2-3d cents in June 30th, 1919, instead of \$1.348 as under the present law and \$1.048 in the committee bill. This would mean by comparison with the present tariff law, a reduction of roundly 26 cents at the outset, 29 cents in 1916 and 37 cents in 1919. On 100 degree sugar cane from sources other than Cuba, the Brunsard amendment will make a net reduction from the present rate of 37 1/2 cents per hundred pounds on passage of the bill, 59 cts in 1916 and 67.42 cents in 1919, instead of the pending tariff bills rate of 54 cents.

## Millers Denounce Tariff.

Chicago, April 11.—The proposed tariff on flour and wheat was denounced in resolutions adopted today at the annual convention of the Millers' National Federation. The millers do not want any tariff protection whatever, but urged that if a tariff be placed on wheat that an equalizing tariff be placed on the products of wheat, and that if the products of wheat be admitted free, that wheat also be admitted free of duty.

## GEORGE E. MATTHEWS APPROVES LIGHT BOND PROPOSITION

Gives Opinion After Examination of  
Plant and Specifications For Re-  
building.

Editor Journal:  
I am in favor of more light and better light, consequently will vote for the bond issue. A few days ago I took the time to visit the city hall for the purpose of inspecting the plans and specifications, for the proposed additions and improvements to our municipal lighting plant, and found after a careful investigation, that the equipment planned both for the extending the building, and installing the machinery, was first class—modern in every respect, and right up-to-date. I also noted that the new plant contemplated and as specified in the plans and specifications was of ample capacity to provide for all additional lights, that the city might require in the future.

In fact, the plant is designed with a liberal surplus of power, which means economy in operation. Viewing the contemplated improvement from a practical standpoint as I see it, the city will be able to produce the current at a much lower cost, than they are doing it today, by their antiquated methods. The old plant has been a paying proposition for the city in its time, but the city has outgrown it several years ago. It has been overloaded for years, and worked to death, consequently many of our streets frequently as you know have been in total darkness, when we desired this much needed light. I think the new plant would be a good investment.

The best advertisement you can give a city or an individual is more light. The people of our city, well know, that there are two important public utilities, that our city has needed badly for years, and that is an abundant supply of good wholesome water, and plenty of light. We will also no doubt have the water soon, so let us vote the bond issue and have plenty of light. With these two public utilities assured, the city cannot help but take a step forward, but will have a tendency to have others co-operate with us, in advancing the future welfare and interest of our city, but bear in mind, that we, the people and citizens, must lead the procession, if we expect others to follow. Many of our citizens well remember when our present plant was built, nearly twenty years ago, under Mayor Schoenfeld administration. I find from the records that our present plant when first installed cost \$23,000. A great many of our citizens at that time criticized the expenditure as an extravagant one. Prior to the building of our present plant, the city was paying the Jacksonville Light and Coke Co. from \$9,000 to \$10,000 per year for light. After the city plant had been in operation one year, the city showed a saving of \$5,000 with fifty per cent more lights in operation and the savings made by the city during the first five years in operation, paid the entire cost of the plant, and those who opposed it at first, praised the measure, when they saw how it worked out, and I believe the new contemplated plant, will be just as profitable to the city in the future as the old one has proven to be in the past. Our present outstanding bonds consisting of registered and refunding bonds totals \$117,500 and if the \$50,000 bond issue is authorized by a vote of the people, for the purpose of constructing, enlarging and extending our municipal lighting station, the total bond issue would be \$167,500.

This issue does not appear excessive when you consider that the assessed valuation of our city is \$4,308,198. Under the commission form of government the outstanding indebtedness of the city from May, 1911 to April, 1913 has been reduced \$33,650.43 which can be verified by the records. This showing and saving indicates to me, that the commission form of government so far, has been a success and I am satisfied after looking over some of the city's business that the mayor and commissioners are conscientious in performing their duties, and doing all in their power to give the city an honest and businesslike administration. I hope that more of the voters will do as I have done, (visit the plant) and get posted on the matter, and I believe after you have investigated the propositions, you will favor the bond issue.

Very truly,  
Geo. E. Matthews.

Buffalo, Wyo., April 11.—The Wyoming Stock Growers' association is holding its annual meeting here with a large attendance of breeders, dealers and commission men. The sessions were opened today and will continue over tomorrow. The relation of the live stock industry to the high cost of living problem and the effects of proposed tariff changes on the cattle raising and allied industries are among the subjects slated for consideration.

## STATE NEWS.

**State Convention of Woman's Clubs.**—The state program committee has completed arrangements for the nineteenth annual convention of the Illinois Federation of Woman's clubs to be held at Evanston Nov. 11-15. Delegates will make their headquarters at the new home of the Evanston Woman's club. The meetings will be held in the First Methodist church. President James of the University of Illinois will be present probably Wednesday the 12th to address the department of public health and education. Sessions will also be held by the departments of art, civil service, pure food, legislation and music, the department reports to be followed by conference.

**Show People in Petersburg.**—Twenty-four people in the show business in a city of twenty-five hundred is the record held by Petersburg. They are employed by various organizations from Ringling brothers on down. Many are leaving at this time for the opening spring and summer work.

**Press Association Convention.**—Arrangements are being made for the next convention of the Illinois Press association to be held June 3, 4 and 5 in Decatur. A special invitation was extended the association by the Decatur Chamber of Commerce and the committees are working with a zeal that prophecies excellent entertainment for the visiting editors. They have made agreements with many of the railroads by which special rates will be available at this time.

**Danger in Drainage System.**—Douglas county people have awoke too late to the dangers that may arise from a choked up drainage system. Many thousands of dollars were spent a few years ago to dredge streams and drainage ditches stopping completely the spring floods by which the county was once visited. So long free from floods the people did not realize that nature was slowly undoing the work until brought to their senses by the high water of the last few weeks.

**Disease Among Horses.**—Alarm is felt among the farmers in several counties north of Jacksonville by the report that an epidemic due to forage poisoning has broken out among horses in the neighborhood of Delavan. A similar disease created havoc in Kansas last fall. The disease has been diagnosed by the veterinarians as a form of forage poisoning, resulting, it is thought, from a worm dist which is prevalent in the corn-fodder. J. L. Meeker, a farmer living near Delavan, has lost four valuable horses.

**Ball Club Benefit in Decatur.**—Arrangements have been made by the Decatur baseball club to secure the Miller Greater United shows for a benefit carnival to be held at the race track May 5 to 10. The ball club will receive a percentage of the receipts of the shows. The carnival scheme was tried at Springfield several weeks ago and the baseball club at that place went several hundred dollars in the hole on the proposition.

**Cast of Liberty Bell at Lincoln.**—A small cast of a liberty bell which was purchased by A. T. Hayes of Lincoln in Philadelphia in 1910 has been recently mounted by J. Q. Primm and placed in the Lincoln G. A. R. room among the relics. The bell is a facsimile of the old liberty bell and is mounted on wood that was taken from a black walnut board which J. Q. Primm took from an old stable in Petersburg at Old Salem in the year 1868, while driving cattle through that country. The old store was at one time occupied by Abraham Lincoln and is of historical importance.

**Petersburg to Vote on Commission Form.**—At the coming election in Petersburg the voters will decide the question of adopting the commission form of government. Candidates for the principal offices are: For mayor, H. M. Levering, H. T. Carman, H. E. Beckman and S. B. Bryant; for city clerk, F. M. Finney, and Edward S. Mitchell; for city attorney, A. W. Lillenstein; for city treasurer, E. E. Morris, Frank Alpers, Ed. S. Waldmire.

**Decatur Commissioners Take Jaunt.**—Mayor Dan Linneen has gone for a ten days' trip to Galveston and other southern points. Commissioners Shade, Becker and Robbins left recently for Oklawaha, Fla., with M. L. Harry. They go to inspect the heating and light plant recently acquired by the McKinley syndicate. The trip is supposed to grow out of the desire on the part of the McKinley syndicate for a new scheme for the heating plant in Decatur.

**WILL BUILD ADDITION TO STATE STREET PRESBYTERIAN CHURCH**

Action Taken at Annual Meeting—Propose to Provide More Room For Sunday School and Social Quarters.

At the annual meeting of the members of State Street Presbyterian church it was decided to enlarge the building so as to provide more room for the Sunday school, and a committee composed of T. M. Tomlinson, Dr. A. L. Adams and C. A. Johnson was appointed to arrange plans for the improvement and to raise funds.

According to the present plans, the north end of the church building will be extended to the north line of the property, making an addition of about twenty-five feet. For some time the work of the Sunday school has been hampered on account of lack of room, there being no small rooms for individual classes, and these will be provided for in the improvement. The addition will also enlarge the social quarters of the church.

Rev. H. D. French, the pastor, was elected moderator of the annual meeting, which was held Thursday night, and the reports of the various departments were presented as follows: T. M. Tomlinson for the elders, William Floeth for the Sunday school, H. B. Brady for the deacons and F. E. Farrell, the treasurer's report. All of the reports showed the organization is in a very prosperous condition and the coming year gives promise of being even more successful.

The election of officers for the church resulted as follows: Elders—T. M. Tomlinson and Joseph Crifland.

Deacons—H. B. Brady, William Lucas Jr., and Harry D. Dobyns.

Trustees—Dr. E. F. Baker, C. A. Johnson and Fred Drake.

Mrs. W. H. H. King and Mrs. T. M. Tomlinson were appointed on the music committee to act with others who are to be appointed who will represent the elders, deacons, trustees and aid society.

**THRILLING STORIES OF OHIO FLOOD**

Nephew of George A. Crabbe Was Engaged in Rescue Work in Columbus.

Charles C. Crabbe of London, O., a nephew of George A. Crabbe of this city distinguished himself in rescue work in Columbus at the time of the recent floods in that city. Mr. Crabbe is the prosecuting attorney of Madison county. The Madison County Democrat, which describes Mr. Crabbe as one of the best oarsmen and swimmers of the county, gives an account of his adventures in the worst flooded districts of Columbus.

Mr. Crabbe was one of the first rescuers on the scene. He found people marooned in upper stories, garrets and trees with no means of securing heat and often without food. He had only a canvas boat with which to work but so hard did he labor the first day that he was able to take 250 persons to a place of safety in a school building where they had to make the best of it without fire of any kind. Even this by no means completed the work.

On many streets women, children and men could be seen waving and calling for help. Mr. Crabbe was careful to separate families as little as possible. If his own boat would not contain the whole family rescued he would endeavor to signal for other boats to help. Once when his boat was loaded with people it was caught and whirled by the swift current and the oarlock broken. Mr. Crabbe had to row to a landing place with but one oar, where he procured a brace and bit and repaired the damage.

A thing which particularly impressed him in this work was the ignorance displayed by the average person about rowing a boat. Many were willing to help but did not know anything about rowing. Dangerous currents were present in many of the streets which made things none too comfortable for a boat filled to its capacity with nervous women and children.

IMPROVEMENTS TO BE MADE IN PLANT.

A meeting of the board of trustees of Illinois college was held Thursday evening when various business matters relative especially to repairs of the college plant were discussed. The college has recently realized some money from property in Keokuk, Iowa and this money will be used for needed improvements.

Among the improvements to be made includes several chemical fire extinguishers; a new walk from Sturtevant to the gateway; \$500 for improvements in the college gymnasium, which will go toward the fund which is now being raised by friends of athletics toward putting in a swimming pool and a running track; new porch on the east and north sides of the club house and other repairs on the exterior of the building; repairs to the roof of the Jones building; new portable grand stands for the athletic field. Receipts donations have been made by Mrs. Helen Dwight of New York city for shrubbery for the college. A vote of thanks was extended her for the gift.

## RENTING OUT THE NOBILITY

Queer Business at Which English Society Women Are Said to Make Much Money.

Most men are too busy to go to afternoon tea parties, even if they have the inclination. But men are in demand for these functions and the demand creates a supply.

A lady has been explaining to the London Daily Mirror how women of good social standing earn lucrative fees by providing male guests for these afternoon functions. These ladies make a better business of it than the regular agents who occasionally supply "a fourteenth" to a hostess who does not wish her guests to sit down thirteen at dinner, or from time to time fill up a house party in some out-of-the-way part of the country when a guest has suddenly fallen out.

In these cases the hired guests receive a good fee. But the London afternoon tea guests get no pay and do not know that they are being hired. As a rule, it is said, they are impetuous young continental men who would rather look for an heiress than for work.

These young men are faultlessly dressed and their manners are exquisite. A lady bearing one of the oldest titles in the country, perhaps, invites them to her house, pretends to be greatly taken with them and offers to launch them in London "society."

Then she cheerfully takes them to all the select afternoon tea parties she attends and they find themselves overwhelmed with invitations to similar functions. Little do the men suspect that every time they go to a party their woman friend receives a certain sum of money from the hostess.

Here is the scale of charges for guests actually issued by a countess: One marquise, \$7.50; one baron, \$5.25; one duke, \$10; one duchess, \$15.

Just a few days ago a Russian noblewoman visiting London was giving a reception in the afternoon, and you can imagine how terribly shocked and annoyed she was when an English duchess wrote to her offering to supply ten young men and the same number of women, all bearing titles, as guests for the sum of 50 guineas.

Young Englishmen, the younger sons of lords and the like, have been imposed upon as well as foreigners by these "guest providers."

## Solitude Not Appreciated.

"Darling," said the young wife, "a gentleman is waiting to see you in the next room."

"What kind of a gentleman?" grunted the young husband.

"Oh, dearest—forgive me if this worries you—but oh! I know I am wrong to be so fussy! But remember, it is only a loving woman's anxiety!"

"Yes, love. What is it?"

"I've noticed that little cough of yours—now don't interrupt. I know you think it's nothing and that I am foolish—but you take so little care of yourself. If you knew how it kept me awake at night—how—"

"Why, little girl! I didn't know my little cough had worried you. No, I won't be angry, but—"

"Oh, suppose I should lose you?"

"Now, now! So you have sent for the doctor—"

"No, dearest—for the insurance man. Now—"

(The rest is mere sordid bickering.)

## CAFES IN BRAZIL.

With a Glimpse of Rio de Janeiro's Twenty Foot Wide Broadway.

Downtown in the commercial part of Rio de Janeiro is the noisy, vivacious Rua do Ouvidor, of all things Rio de Janeiro the one that possesses the most individuality, the place where everybody who is anybody is to be seen.

It is only about twenty feet wide. Just think of it—the Broadway of a great city like Rio!—so narrow and crowded that vehicles are not allowed to go through at certain hours of the day, but most of the somber Portuguese style buildings have been replaced by modern ones, and what it lacks in width is compensated for by the attractiveness of the stores and cafes.

These cafes, principally devoted to the service of the demitasse, are everywhere in Brazil, but here particularly they are the rendezvous for the official, military, professional and more prosperous commercial classes, who drop in at all hours to talk things over to the music of the orchestra—everything from business, religion and politics to the latest society gossip, only they sip coffee, for the most part, instead of highballs and beer.

And such coffee! A North American never realizes what a perfectly delectable flavor coffee really is capable of, how deliciously rich and strong it is when brewed by those who know how, until he has drunk it in the orient or down here in Brazil. From "Through South America," by Harry W. Van Dyke.

## Medical Fees in Bygone Days.

At the beginning of the eighteenth century the usual fees to physicians and surgeons in England were "to a graduate in physic, his due is about 10 shillings, though he commonly expects or demands 20 shillings. Those that are only licensed physicians, their due is no more than 6s. 8d., though they commonly demand 10 shillings."

"A surgeon's fee is 12 pence a mile, be his journey near or far, 10 groats to set a bone broke or out of joint and for letting blood a shilling; the cutting or amputation of any limb is 5s, but there is no settled fee for the cure." The system of regulating the fee according to the pocket of the patient is almost as old as history.—Westminster Gazette.

## JAPAN OFFERS MUCH TO WORLD TRAVELERS

Mausoleum at Holy City of Nikko is Described By S. W. Nichols.

(Continued From April 8th.)

Passing through a gate way of the mausoleum we reached a raised court yard, in which were three handsome buildings, which are storehouses for the keeping of the many utensils used in the various forms of worship and many ancient treasures of different kinds. Other grand ornamental structures are near by and are attractive. One of these is the royal stable, decorated with finely executed groups of monkeys. Here too is a wonderful piece of work, being no less than a cistern carved out of solid granite and used for the containing of holy water and it is sheltered by a roof supported by twelve granite pillars.

This was erected in 1618 and the pediment of the roof contains a pair of winged dragons gorgeously colored, as is everything else capable of being so decorated. Beyond the cistern is a beautifully decorated building used as library of all known Buddhist scriptures and books, which are held in fine revolving octagonal cases with red lacquer panels and gilt pillars. In front are figures meant to represent smiling royalty, though the attempt at smiling is not wholly successful. Paintings of angels in gilt adorn the interior walls and in the center of a court is a fine piece of statuary.

Ascending the flight of stone steps we reached another court surrounded by a stone wall; inside this are two stone lions in the act of leaping down. Here too is the large bell, to which I have already referred. Much more could be said about the many adornments of this place, but it would be too tedious. Not far away is the temple of Yakushi, the patron saint of the Emperor Looyasu. The ornamentation of the interior of this temple excels that of any other structure in this vicinity. It is simply a blaze of gold and harmonious colors. On either side of the altar stand images of Shi Tenno flanked by Yakushi's twelve followers. A monster dragon in sepi occupies the entire ceiling.

Then follow a beautiful gate and many structures similar to the ones I have been describing but space must not be occupied with their description. I will merely mention the exquisitely beautiful gate called Yomeimon of which a column might be written the court entered through the gate and containing two more grand buildings. The Chinese gate leading to the main shrines, more grand even than the ones already described and in which is the holy of holies composed of three chambers where Japanese art is found at its highest and best. It is simply a blaze of gold and splendid colors, elaborate paintings of mythical beings, ancient court personages, precious woods inlaid and carved, richly lacquered pillars, splendid metal work often superimposed, layer upon layer—the whole a marvel of minute details and flawless preservation. It is a bewildering blaze of beauty, grandeur and wealth.

Next comes the tomb of Looyasu which I shall not even attempt to describe for it would take too much space. At the other end of the avenue is a Shinto temple. Futu-ara-jung, beyond are two lacquered buildings in red and dedicated to Buddhist deities. Passing again to the end of another avenue we find the tomb of Tenkai-Daisojo, abbot of Nikko at the time of the emperor's interment. Another smaller temple, several tombs and other shrines are passed and we come to the gorgeous mausoleum of Iemitsu which I shall not try to describe. Scattered all about the great park are other objects of greater or less interest, temples, shrines, statues and other structures. Many of the stone objects about the forest or park are moss covered indicating great age. Beautiful waterfalls, gardens with all sorts of Japanese landscape art attract attention and on every hand are seen things which can never be forgotten.

I have devoted considerable space to this place because the buildings are so wholly unlike anything seen in our country or Europe and I thought the matter would be of interest to the readers of the Journal. Pages of the paper would be required to give anything like a detailed description of even a small part of the structures but I trust enough has been offered to convey some idea of the unusual attractions of the place. I will give a translation of the reiterated devotion offered by the priest in the temple at one of the altars where I joined the pilgrims.

**The Precepts of Tenkai.**

Wishest thou to be ever ready with men and horses and well equipped with arts, so that thou fail not in duty toward the Liege. Care not for ostentation; neither incur unnecessary expenses. Let frugality be thy rule, the way is but to endure privations.

Bear this in mind:  
The more one gets  
The more one wants.  
Blest he, unfilled  
Is yet content.

If carried to excess, benevolence becomes weakness, righteousness stiffness, politeness flattery, wisdom plans lies, and sincerity causes losses.

Slow to anger,  
Firm in duty,  
In diet spare,  
Broad of heart.

Any amount of time could be spent among these wonderful structures erected amid the towering trees and scattered over a large park here and there but we had other places to visit and could not stay as many days as we wished.

The little tower contained some interesting sights and a fine complement is due the Nikko hotel for excellent service and all that pertains to such a place. Some shoe shops where they were turning out the articles worn on the feet of the natives were interesting and we

## JAKE HAMM ARRESTED.

Jake Hamm was arrested Friday afternoon at 2 o'clock by Capt. Trahey on a charge of stealing clothes from clothes lines. The yards visited were Mrs. Albert Brown and Mrs. Mary Miller, both of Goltz avenue. The former claims the loss amounted to \$5.00 and the latter \$15.00. Suspicion rested on Hamm and his home was visited by the Captain and the clothes were found there and identified by the women. Hamm will have his trial today in a justice court.

Now that President Wilson has made his speech from "the throne," that we are to have free trade and internal taxation, as in England, the next step should be the adoption of the brogue—"doncher know."

An Illinois senate committee has ordered a favorable report on a bill which grants to women full voting power on all elective officers in this state which are not established by the state constitution—that is, to all offices which have been created since the adoption of the constitution in 1870. This would be quite a long step toward equal suffrage.

#### Opinion 85 Years Old.

Some historian recalls that in 1828 a club of young students in Ohio arranged to debate the question of railroads, then just coming into notice. When they asked the school board for the use of the school house they received the following reply, which is preserved to this day by an aged citizen of that place. "You are welcome to the school house to debate any proper question, but such things as railroads and telegraphs are impossibilities and rank infidelity. There is nothing in the word of God about them. If God had designed that His intelligent creatures should travel at the frightful rate of fifteen miles an hour by steam He would clearly have foretold it through His holy prophets. It is a device of Satan to lead immoral souls down to hell."

Some years ago the California legislature adopted an act providing for imprisonment of wife beaters and further providing that while at work in prison they be credited with a dollar and a half a day to be paid to their families. There are now so many cases of wife beating before the courts that the dockets are being over-crowded. The law has made it possible for any unemployed married man in California to get a job at a dollar and a half a day. All that seems necessary is for the wife to bring the charge of beating and for the man to plead guilty, regardless of the facts in the case. Land monopoly in California has made opportunities for workers so scarce that a chance to get a dollar and a half a day job in jail is too tempting to resist. If other states imitated California the same result would doubtless be shown.

There has come a time in the life of Jacksonville when it is absolutely necessary that we "get together" for the public good. The election to vote upon the question of issuing bonds for the re-habilitation of our electric lighting system is the opportunity. It is a needed, a necessary improvement and will directly or indirectly benefit every citizen.

It does not increase the amount of taxes paid annually. The bonds can be disposed of at par. Every dollar will be honestly used, we believe. A vote for the issuance of these bonds is a vote for a greater Jacksonville.

A vote for the bond issue will show that we have not forgotten the pledges made when we voted out salaries and lost \$25,000 annually in revenue, that the day people were willing to assume some increase in the burden of taxation if necessary in making up that loss.

To show that we can accomplish something in the way of public improvement, vote for a needed improvement.

The money market is said to be a little tight just now. People who are fortunate enough to have a few spare dollars on hand are able to secure interest at the rate of six per cent annum from their less fortunate brethren. Some calamity howler (name unknown) by threats of injunction based on technicalities, succeeded in knocking out the project of the board of education, for the erection of a building for the accommodation of the eighth grade pupils. They had about \$60,000 on hand, which would have been put into circulation this year when it might have aided many mechanics and workmen in solving that problem of the high cost of living.

Mr. Croaker by his threats, succeeded in tying up this cash. The money is safe enough, but at six per cent it would earn \$3,500 a year—and it will be tied up more than a year. There is a loss to the city of about ten dollars a day, as a result of the croaker's work. Are they to be allowed to continue their obstructive work? Who are they, and who gets the "rake off" of \$3500 per year?

According to Colonel Gorgas, the chief sanitary officer of the Panama canal zone, who recently discussed this question in The Journal of the American Medical Association, the death-rate for 1911 among 10,489 Americans was only 4.8 per thousand. While this result has been mainly due to the control of yellow fever and malaria, and while it is true that the American population consisted of picked individuals, largely of educated men and women in the prime of life, yet the record is a remarkable one. And all this, says Colonel Gorgas, has been accomplished at an expense averaging one cent per day for each individual. If this result can be secured at this cost in the center of a tropical jungle, what would not a similar expenditure do for our American cities? One cent a day is one-fifth the cost of one five-cent cigar. It is one-fifth the price of a daily street-car ride. It is one-fifth the cost of admission to a moving picture show. And yet it is the cost of life itself. Is one cent a day too much to pay to protect the life and health of an American citizen?

We have in Jacksonville many energetic, successful, courageous business men—successful men who believe in the business possibilities of the city, located in the heart of as prosperous a farming community as there is on earth. They are men who show their faith in the community by investing their money in permanent improvements—invest hundreds of thousands of dollars, not for the wants of the day only, but for

building as well for the future needs. In our proposed plan for electric lighting that same idea is followed—a reserve power for unforeseen emergencies and the future. Would that magnificent bank building, that is an object of pride for every citizen, have been built if it had not been for the courage and confidence such men as Filmore Dunlap and Andrew Russel and the business men associated with them have in the future of our city? They are men who look ahead—and they have not builded for the day only, either in the building proper or in that business they have been striving for years to develop. Such men are a benefit to a town and set an example that our city commissioners have done well to follow in their plans for improvement of the city. Vote for the bond issue—we'll be proud of the illumination even if some croaker does say "it is ahead of the town." If it is we will bring the town to it. Would that bank building have adorned our city if the bank people had listened to the croakers?

#### A Sacrifice to Science.

Missouri's great cow, Chief Josephine, who for two years broke the world's record for milk production, has been killed. Veterinary science is to have the benefit of a research of Josephine's development. The death of the famous cow, valued at \$5,000, was ordered by the dairy department of the University of Missouri, by which she was owned. Just why certain cows come forward as great milk producers has never been definitely learned, and the sacrifice of Josephine was decreed in an effort to gain data that will add to the experiments at the university. While Josephine was under the test as the world's greatest milk cow, she produced 26,860 pounds of milk in a year. She gave an average of twelve gallons a day for the first six months.

#### ALFALFA IN ILLINOIS.

There are many difficulties in the way of alfalfa growing in this state, yet it is surprising that while Illinois is first among the clover producing states of the union, it ranks only as the twenty-second of the states which produce alfalfa. It is second in the production of timothy, and ninth as a producer of mixed timothy and clover. It is claimed any state, the soil of which is suited to the production of clover, can raise alfalfa, and it follows, therefore, that Illinois can easily become first of the alfalfa growing states. Kansas is now heading the list, with Nebraska second and Colorado third. Illinois now has 427,957 acres in clover, \$27,625 acres of mixed timothy and clover, and 1,587,219 acres in timothy alone. It has, also, 128,258 acres in other cultivated grasses. Its grass acreage, as the area is now divided, totals more than 3,000,000.

Kansas, the leading alfalfa state, has less than 1,000,000 acres in alfalfa and its total grass acreage is 1,721,138. By taking one-third of the land now seeded to less profitable grasses and seeding it to alfalfa, Illinois might become first in the list of alfalfa producing states.

In order to reach second place as an alfalfa producing state, Illinois will be required only to seed as many acres to alfalfa as are now devoted to a mixture of timothy and clover. Nebraska now holds that honor, with 685,282 acres of alfalfa. Its clover area has been reduced to 39,000 acres by the alfalfa invasion, and its mixed timothy and clover acreage has about one-third of the Illinois acreage. Nebraska now seeds less than 100,000 acres to timothy.

#### BECAUSE

We favor the issue of \$50,000 in bonds for the improvement of our street lighting facilities for the reasons that:

The proposed plant will give us a splendidly lighted city.

The plans provide power sufficient to extend the lights to every part of the city.

The boulevard lights in the business district will help every line of trade.

The more light furnished the less number of policemen necessary.

Because we have a proposition from a reliable bond house to take the bonds at par.

Because we believe the commission will use every dollar of the fund for the purpose issued.

Because it will help us "get together" in support of other needed improvements.

Because we need to promote greater civic pride.

Because it is a losing game to always listen to the croakers predicting disaster.

Because we have permitted a very few to make a great noise in decrying Jacksonville and its possibilities. Because many have listened to those croakers and have thought they were a majority instead of a weak minority.

Because we need to realize that it is only a "big noise" and not be terrified by their predictions.

Because we know that Jacksonville can accomplish anything in reason—when united.

Because of a belief that the people see the need of united work and united action.

Because the croakers are not builders of a city or of a business—they can destroy but not create.

Because men who have done most for the up-building of Jacksonville, both in a material and a moral way, favor the improvement.

Because we believe that our showing a "get together" spirit in this matter will encourage the commission to do greater and better work in considering other important matters affecting the municipality.

Because we desire to encourage the men you have elected as commissioners, show them the people are with them in all good works—as ready to approve the good as to condemn the bad.

Because we desire to make Jacksonville a place that young, enterprising men will be glad to remain in.

Because a vote for this issue is a vote for a brighter, greater business and educational city.

## GENERAL TRADE IS REPORTED QUIET

MANY INDUSTRIAL CENTERS NOT YET RECOVERED FROM WESTERN FLOODS.

Readjustment of Tariff Now in Progress Produces More or less Hesitation, but there is no indication of a Permanent Setback in Business.

New York, April 11.—Dun's Review tomorrow will say:

General trade is quiet for the time being; many railroads and industrial centers not having as yet fully recovered from the effects of the western floods. The readjustment of the tariff now in progress produces more or less hesitation in some trades, but in spite of these two unfavorable factors, there is no indication of a permanent setback in business. An encouraging development of the week was the very favorable report on the condition of winter wheat, which is far above the average. Bank clearing this week were 5.0 per cent under those of last year, but 3.7 per cent above 1911. The prevailing dullness in the speculative markets no doubt accounts in part for the decrease. Railroad gross earnings in March were 5.5 per cent better than last year. Pig iron output during March showed a falling off from February, while the steel corporation's unfilled orders at the end of March were 187,758 tons less than at the close of February. The dry goods markets are experiencing a steady though quiet trade. Lumber shows steady improvement.

#### Bradstreet's Report.

New York, April 11.—Bradstreet's tomorrow will say:

Trade is irregular, ranging from slow to active accordingly as points of primary or final distribution are considered. For this, weather irregularities, effects of past or prospective overflows, and tariff agitation are variously responsible. The best reports come from the northwest and the north Pacific sections. From this they shade down to fair in the upper Mississippi valley and the southeast, while in the east the primary textile goods markets are reported in a waiting stage, and some of them much unsettled, with little doing pending clearer views of possible tariff changes. Viewed from another angle, it may be said that retail trade and farming operations have been checked by rains and snow, joining trade for the current season is quite active, but future trade for distant deliveries is still closely restricted to conservative limits.

Business failures for the week ending April 10th, were 213; which compares with 234 in the like week of 1912. There were 22 failures in Canada.

## TELLS ABOUT GREAT REVIVAL SEASON FIFTY YEARS AGO

Mr. Ensley Moore, Gives Names of Persons Who Joined Westminster Church in 1863—Special Meetings Conducted By Dr. Hamilton.

At our Communion, on Easter Sunday, the Pastor, Mr. Davis, stated that this was the fiftieth anniversary of a great season of Revival in Westminster church.

It seems fitting now to give a more extended history of that time. The Rev. D. H. Hamilton, D. D., first Pastor of the church, began a special series of meetings with the Week of Prayer, the first week of January, 1863. He held preaching services every night, unless Saturday, during the week and also, soon began holding a daily (except Sunday, perhaps) prayer meeting at 8 o'clock in the morning, and continuing about one hour, in the little schoolhouse, which then stood just south of the old church building. Dr. Hamilton also soon established a daily Young People's Meeting, held in the school house (except Saturday perhaps) at five o'clock p. m. This was also held upon the Sabbath, with these two extra meetings, he kept up the evening preaching from about Jan. 1, until March 1, 1863.

Our own people first became interested in the work, and then they sought out others in the neighborhood and invited them in to the meetings.

Dr. Hamilton was a preacher of great power, and a worker of indomitable energy, so that the result of his efforts was a Revival of great interest in our church, and of very far reaching influence. The good work here began extending to the neighboring churches, and soon the whole west end of the city was having services; notably the Congregational, the Baptist, and the First and Second Presbyterian churches being actively at work. As it was about the time for their "Protracted Meetings," the Methodists engaged in special services during the same time.

The result was the greatest time of religious interest and of ingathering by the churches, probably, ever witnessed in Jacksonville, when special Evangelists were not engaged in the work.

It is to be remembered that Westminster church had only gotten into its own building, and called the Pastor, in the fall of 1860, and that the membership of the church, when organized was but 45. Probably it had increased to about seventy communicants by the first of January, 1863, but some of these had gone to the war.

The special meetings were mostly discontinued about March 1, 1863, but some were held in the church I think for about two weeks longer, some were held in the Massey, and some, I think, in the Laurie school house, near town. One result was that Westminster had Sunday school, afternoons, for several years in the Massey school house, and had meetings for some year or two, or more, occasionally, in the Laurie school, northeast of town.

Dr. Hamilton would preach in the morning of the Sabbath in Westminster, go out to one of the country churches in the early afternoon, then come back and conduct the Young People's meeting at five o'clock, and finally preach again in our church at night. That is during the summers, and he kept these labors up, to a greater or less degree, until he resigned his pastorate, and went away, about July 1, 1872.

Immediately after the Revival season a Communion was held in Westminster on March 1, 1863, when the following persons were admitted to the membership, on profession of faith: Miss Magdalen Minter (Henthall), Chas. H. Dun-brack, Harrison Burbank, Mrs. An-

na Patterson, Mary Ann Runkle (Legg), Sarah Eleanor Irwin (Reid), Emily Zaida Adams (Smith), Helen Jane Dear, Thos. C. Rount, Sarah Perry, Levi Fisher, Marietta B. Fisher (Clark), Agnes P. Jones (Vandora), Laura A. Smith (Kellogg), Rosa F. Wood (Govett), Louisa W. Ayers (McDonald), Catherine B. Smith (Monroe), S. Emma Smith, Henry S. Stevenson, David B. Smith, Ensley Moore, Alex. Edgemon, Malinda Edgemon, Joanna Warren Jones (Haynor), Catherine Mooers (Moore), and Mary C. Burbank, Simeon W. Iles and Mrs. Fannie Rount were admitted by letter from other churches.

At Communion service held March 8, 1863, William Craven, Mrs. Ann Craven and Lucinda M. Maxwell were admitted on profession.

March 29, 1863, Bella Stevenson (Head), Florence Ayers (Rayner), Sarah Craven, Susan Fisher, Julia Edgemon (Taylor), Laura Ornellas and Maurice W. Stevenson were admitted on profession, and Henry B. Wood by letter.

Communion services were again held on April 12, 1863, when the following persons were admitted on profession of their faith:

Millicent Nutting (Dodd), Mrs. Margaretta C. Nutting, Cornelia S. Sanders (Elliott), Frederick A. Jones, Chas. S. McNeil, John A. Ayers, Wm. H. Nutting, Wm. R. Sanders, Sarah J. Tindale, Lydia M. Massey (Cox), Mary E. Massey (Sibert), Anna A. Wright, Catherine M. Jones, Emily M. Jones (French), Marie Louise Massey (Ayers), Anna Frances Massey (Kilmer), Clara Esther Massey, Lavinia Massey, Matthew Ashley, Silas P. Tompkins, Wm. N. Edgemon, John Wright, Jacob Tindale, Geo. W. Massey, Horatio H. Massey, and Margaret Massey, Frances Massey, Mrs. Henrietta H. Ashley and Mary E. Wright were admitted by letter.

At the Communion service of July 5, 1863, Henry H. Massey was admitted to membership on profession of his faith.

Sixty-eight persons thus were admitted to the membership of Westminster as a result of those blessed meetings. Some have moved away from here, some have gone to other churches, some are still communicants of good old Westminster and some have joined the Church Above.

This addition to the church practically doubled its membership, and many of those then received went into other churches and helped extend the name of the Master in other fields.

But only Eternity will show and measure the good brought about by the Revival Season of 1863.

Ensley Moore. Note—This article is substantially as intended for the annual meeting of the Westminster church held April 9, 1913.

#### QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

#### FOR MUNICIPAL THEATRES.

Des Moines, Iowa, April 11.—Cities in Iowa will be authorized to build theatres if a bill which passed the house of the Iowa legislature today meets with a similar reception in the senate. The measure provides that elections may be held to determine whether municipal theatres shall be established and a two mill tax for support of the playhouse is included. Management is to be vested in a board of five trustees appointed by the mayor and council.

#### HEARS FROM OHIO RELATIVES

Mrs. R. P. Alley, Former Jacksonville Resident, Safe From Dayton Flood.

Although their home was swept away in the flood waters that devastated Dayton, Ohio recently, Mrs. R. P. Alley and her family, are safe from the flood and are being cared for by refugees, according to word received by relatives here.

Mrs. Alley is a cousin of Mrs. J. N. Joaquin, Mrs. J. W. Gibbons and Mrs. Henry Scott of this city, and it was only after several ineffectual efforts that they finally got into communication with her. Mr. Alley who is a railroad contractor, resided in one part of the city and a married daughter in another part of the town. The homes of both were swept away in the flood, and the father, ill from exposure, was taken to a hospital where he is being cared for. The daughter is also ill and the members of the family are being cared for as refugees.

CLEANLY WOMAN.

Erroneously Thinks By Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause, you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## BREAKING OUT SPREAD ON LEG

Formed Large Blotches. Itching Terrible. Ugly Sores Would Break Open and Run. Cuticura Soap and Ointment Cured in Few Weeks.

Hiltop, Kan.—"About two years ago I began to notice a breaking out on my leg. At first it was very small but soon it began to spread until it formed large blotches. The itching was terrible and almost constant. Many nights I could not sleep at all. After scratching it to relieve the itching it would burn so dreadfully that I thought I could not stand it. For nearly a year I tried all kinds of salves and ointment, but found no relief. Some salves seemed to make it worse until there were ugly sores, which would break open and run.

"One day I saw an advertisement of Cuticura Remedies. I got a sample of the Cuticura Soap and Cuticura Ointment and began by washing the sores with the Cuticura Soap then applying the Cuticura Ointment twice a day. I noticed a change and got more Cuticura Soap and Ointment and in a few weeks it was cured. It has healed so nicely that no scar remains." (Signed) Mrs. Anna A. Low, Dec. 17, 1911.

Cuticura Soap and Ointment do so much for pimples, blackheads, red, rough skins, itching, scaly scales, dandruff, dry, thin and falling hair, chapped hands and chapped lips with painful finger-ends, that it is almost criminal not to use them. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

So tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

## Hooray! Baby To Rule the House

No Longer Do Women Fear The Greatest of All Human Blessings.

It is a joy and comfort to know that those much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous twitching spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is therefore one of unbounded, joyful anticipation, and too much stress can not be laid upon the remarkable influence which a mother's happy, pre-natal disposition has upon the health and fortunes of the generation to come.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommend it. You will find it on sale at all drug stores at \$1.00 a bottle. Write to-day to the Bradford-Regulator Co., 130 Lamar Bldg., Atlanta, Ga., for a most instructive book on this greatest of all subjects, motherhood.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

### GOSSIP OF THE GAME

Another upset all around yesterday. A few days more of this uncertainty and a general revision of the pre-season predictions will be necessary. The White Sox were counted upon to win out at Cleveland and just what the cause of their upset is hard to tell unless it was that Cleveland played the better ball. The latter bunch always play like pennant winners up to the middle of the season. Maybe Birmingham has them in better shape than they were supposed to be. But about sixth is their natural level. Jennings and his Tigers should finish above the Naps. Those two wall-hoppers for the Tigers at the hands of the Browns, while unexpected, can be made up later on. Navin will no doubt come to terms in a hurry now and send for Ty Cobb. Not that Ty is really any better than several of the American leaguers, but he infuses dash into the Tigers' play which is wholly lacking with the Georgia Peach outside the line-up. Just what he demands is not known but is supposed to be close to the ten thousand mark.

George Stovall deserves credit for the good showing the Browns are making. He has worked early and late since taking charge of the Brown hose and it may be that the Mound City is to return to the pennant winning column under his management. But hardly this year. This showing against the Tigers is not because the Browns are stronger, but just because Jennings' men are not yet in form. When the Browns go up against the real article their weak points will show up.

Too bad the weather man seems to have it in for Chicago. The opening day ceremonies promise to be great if they can ever be pulled off. The fans have purchased a chest of tinware to present the new manager. Rather early to begin handing out the can. While of course Evers has his friends and admirers, it is doubtful if he is going to be able to do anything extra with the bunch he has. It doesn't seem like the Cubs. Now Schockard's gone. This leaves only Evers himself as the representative of the once great machine.

The Red Sox-Athletic game today will no doubt be a corker. If Stahl can get revenge for the opening defeat he will feel vindicated. Its an even chance that he sends Bedient to the mound. Whom Mack will select is doubtful. One of the youngsters is the best bet. The Reds have plenty of friends in these parts, but the Sox seem to be the favorites. Comiskey has been such a good sport all these years that it would seem sacrilegious to root for any other team to win over his.

At last Wallace seems to be slowing up. Doc Walsh has the call for the job at Detroit under Stovall this spring. It may be that the great Rhody is simply waiting for warmer weather before going into the game again. He is one of the ornaments of the profession and there is not a player in either league of more value to this team than Wallace. He ought to be awarded one of those Chalmers machines. Year in and year out for seventeen of them he has been on the job. Some record that. And he has been right up at the top all these years too.

No book on today's winners. Write your own tickets. Going is too heavy. But at a venture, Chicago, New York, Pittsburgh, Brooklyn, in the National, and Chicago, Boston, St. Louis and New York in the American.

WILL BE EIGHT CLUB LEAGUE. Bloomington, Ill., April 11.—President Cline of the Illinois-Missouri league announced today that Aurora and Elgin had accepted terms and would join his organization, making it an eight club league.

LARIMORE CASE COMPROMISED. The case against George Larimore of Waverly, charged with stealing coal from the Burlington right of way, was compromised in Squire Dyer's court Friday afternoon by the defendant paying for the coal and the costs of the case. He was released from custody.

### HANDICAPPED

This is the Case With Many Jacksonville People.

Two many Jacksonville citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney backache you must cure the kidneys.

Doan's Kidney Pills are for weak kidneys—thousands testify to their merit. Can you doubt Jacksonville evidence? Fred L. Gibson, 309 Woodland Place, Jacksonville, Ill., says: "I am always glad to endorse Doan's Kidney Pills just as highly as I did in 1909. At that time I suffered from kidney trouble and backache. The pain in my back was severe and when I would stoop over, it was hard for me to straighten. Seeing Doan's Kidney Pills advertised, I got a supply from Armstrong's Drug Store. They gave me permanent relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### TALKED ABOUT PLANS RELATING TO COUNTY INSTITUTE

Special Meeting of Department of Rural Affairs of Chamber of Commerce Was Held Friday.

A special meeting of the department of rural affairs of the Chamber of Commerce was held Friday afternoon with Chairman F. J. Heintz presiding. The sessions was called for a conference with C. H. Story superintendent of the Morgan County Farmers' institute. It was decided that the chairman shall appoint a committee to co-operate with a committee from the institute in soliciting funds to pay prizes and expenses in connection with the annual county institute. The hope is to raise \$300 or thereabouts and to do so in comparatively small contributions. Farmers will be asked to join with merchants and private citizens in raising this fund and it is hoped to have a large number of contributors giving one and two dollars each rather than have a small number give all the money needed. Some other matters of minor importance relating to the coming institute were also discussed. Secretary Fritchey said that an effort was still being made to have the annual exhibit of the poultry association at the same time as the institute proper. The plan is looked on with favor by a number of those most interested in the management of the poultry show. The rules of the State Farmers' institute prohibit a county institute from holding meetings in connection with a street fair or carnival but the state body favors holding local institutes in connection with affairs that are related to agricultural interests.

### TO STRIVE FOR BALLOT.

Brussels, April 11.—Belgium seems to be on the eve of one of the greatest political upheavals in its history and it is difficult to foresee the final outcome. The general strike, ordered by the national commission on universal suffrage, and endorsed by the Socialist congress, is to begin next Monday and the government has taken the most extensive precautions to prevent revolutionary outbreaks and local disturbances. Generally speaking the impending strike may be considered an act intended as an expression of protest by the lower working classes against the refusal of the government to grant a revision of the constitution as demanded by the sub-merged classes.

The strike was to begin some time ago, but was postponed to allow time for another and final appeal to the government for the granting of certain reforms, including the introduction of universal suffrage, the abolition of the plural system of voting and certain changes in the educational laws of the country. The government, which is controlled by the Clericals, refused to entertain the propositions and as a last resort the general strike was ordered.

**A STRONG REFERENCE.**  
A young man recently applied for  
a position with a large printing  
house, and not having a letter of  
reference, offered his bank book. It  
showed a regularity of entries of de-  
posit. It was a very strong recom-  
mendation, indicating character and  
persistence, which finally secured for  
him a good position.

## FEEDING CATTLE HAS LONG BEEN BUSINESS OF GEO. R. SWAIN

Has Fifty Head That He is Now Getting Ready For Fall Marketing—Forty years a Morgan County Feeder.

For forty years a constant and persistent feeder of cattle in Morgan county, is the record of George R. Swain. Following this long established custom Mr. Swain is now feeding fifty red cattle at his farm in the Sinclair neighborhood. He bought them in Chicago about February 15th and they weighed on an average of 1020 pounds.

When asked about them Friday Mr. Swain did not say what the purchase price was but said that he had to pay a good stiff figure. "I don't know what they will be worth late next fall," said Mr. Swain, "but I am taking a chance on a good market then. I have been feeding cattle for forty years now right here in Morgan county and while they have lost money for me sometimes, as a rule they have made money. The time was when I bought cattle in the fall and fed them all through the winter but in these latter years I have quit that and have found that I get just about as good results without having all the hardship of taking care of them during the cold winter months.

"While the ground is so wet my fifty head are kept in the feed lots and they will be there for a number of weeks yet that is until the pastures are in condition to receive them. The grass is getting a fine start but of course it will not do to let cattle on pasture for some time yet. These steers are doing splendidly and are now you might say, on full feed. I am giving them shock corn, some corn in the ear, oat straw, and occasionally a little hay. If the weather is bad and it is difficult to get the shock corn then I content myself with the other feed. I have for years used a self-feeder for the grain and I have found it satisfactory and a money saver. In times like the present when the ground is so sticky and muddy, one gets an especially good chance to see how well a self-feeder does its work. After the cattle get on pasture the self-feeder stocked with grain will be at their disposal and while they will have access to all they want there will be no wasting of feed.

"Some farmers hesitated this year about taking on cattle to feed partially because of the high prices and partially because of a feeling of uncertainty as to what may develop from tariff legislation. However, I thought I was willing to chance it again although prices are so high. Last year prices were up but my steers made some money for me. In all the years I have been a feeder I have never known so few cattle being fed in Morgan county as is the case this year and what is true in this county is no doubt true of many counties in Illinois like Morgan."

**Straight at It.**  
There is no use of our "beating around the bush." We might as well out with it first as last. We want you to try Chamberlain's Cough Remedy the next time you have a cough or cold. There is no reason so far as we can see why you should not do so. This preparation by its remarkable cures has gained a world wide reputation, and people everywhere speak of it in the highest terms of praise. It is for sale by all dealers.

City Drug Store, J. A. Obermeyer.

**JUSTICE HUGHES HAS A BIRTHDAY**  
Washington, D. C., April 11.—A large vase filled with flowers graced the bench in front of Supreme Court Justice Hughes today as a reminder of his birthday anniversary. Justice Hughes is fifty-one and the youngest member of the court in point of years. Next Thursday Justice Day will be 64 years old and Justice Van Devanter 54.

**Look to Your Plumbing.**  
You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.

## OTHER DAYS IN JACKSONVILLE.

A copy of the Weekly Jacksonville Sentinel bearing date of August 16, 1861, and published by J. R. Bailey, every Friday at the office at the southwest corner of the public square over Goltra and Stryker's store, has been kindly furnished the Journal by Albert Knollenberg and its brief review of its contents is given below:

On the first page appear the business cards of Cyrus Epler attorney at law, H. K. Jones, M. W. Trabue and Chambers, wholesale and retail grocers, Isaac J. Ketcham, lawyer, William Brown, bank, successor to Elliott & Brown, Quincy & Toledo railroad, Hospital for Insane, A. McFarland, superintendent, James H. Lorton, real estate agent. On this page is a poem by Rose Terry, a short romance, legislative election returns from the state of Kentucky, articles on the war debt, cotton and the blockade, news from North Carolina and the south, war news from a battle at Athens, Mo. in which quite a number were killed. The editorial page articles on "The Duty of Conservative Men" official report of the battle on July 10 at Springfield, Mo., in which Gen. Lyons was killed while at the head of his column. The three columns under Generals Lyons and Sigel and Major Sturges consisted of 8,000 including 2,000 home guards. The muster rolls taken from the enemy gave their strength 23,000, including regiments from Louisiana, Mississippi, Texas Rangers, Cherokee half-breeds. The federals lost 800 in killed and wounded. The confederates were commanded by Generals Ben McCullough, Price and Rains who were killed and the loss of their men was large. The information was obtained from dispatches from the Chicago Times correspondent at the front. There are several articles regarding the progress of the war, and the doings in the several states in the war zone.

Jonathan Neely was president of the board of trustees of the town of Jacksonville and Charles H. Fox was town clerk. Dobyns & Co., were dealers in boots and shoes and state they would accept Illinois currency at Chicago prices. Charles Hardin was circuit clerk. John N. Marsh had bought the stock of boots and shoes of Lewis Hatfield and was making low prices. W. M. Mayo conducted a music store on the north side of the square and repaired watches. The Great Western railroad have a lengthy time card giving the various connections with other roads. The firm of Myers & Knollenberg had in stock end for sale over 200,000 cigars, chewing tobaccos, both fine cut and plug and smoking tobacco in paper and barrels. S. Wolf had a dry goods store on the west side of the square. E. C. Fox advertises hats, caps and a fine stock of broad cloth and etc. Robert Hickenhull has a column length advertisement of the various patent remedies and goods found in first class drug stores. William H. Corcoran has established "The Old Bakery" and is prepared to furnish all kinds of bread, cakes, etc. David Robb would take in exchange for dry goods out of his store butter, eggs, bacon, lard, tallow, hides, wool, fur, etc. Ratekin & Simmons were in the grocery business on East State street. A. L. Swift was agent for Wheeler & Wilson sewing machines over Henry Rice's clothing store on east side square. C. Cross had a marble tombstone yard at the northeast corner of the square. Edward Scott sheriff of Morgan county advertises a sale of lots in Waverly, and W. C. Woodman conducting the Philadelphia store advertises dry goods, hosiery and etc., at sacrificing prices. D. M. Knoles has bought out the wholesale stock of wines and liquors of H. J. Bicknell & Co. and are ready to furnish family groceries as well as liquors as they have a large stock of both on hand.

A delegate convention of the Democratic party to nominate candidates for offices of county judge, two associate justices, clerk of the county court, assessor and treasurer and school commissioner is called for Aug. 31 and it is signed by Cyrus Morton, J. T. Springer, John Wallihan, G. W. Clark, S. S. Duncan and H. W. Vansycle.

## QUIT CALOMEL

Thousands Are Turning From This Dangerous Drug.

A Safe Vegetable Substitute Is Olive Tablets for the Liver.

Dr. F. Edwards, a prominent physician of Ohio, has discovered a new laxative and liver tonic in a combination of vegetable materials mixed with olive oil, which is in effect almost exactly like the old and untrustworthy calomel, except that there are none of the bad effects of calomel.

Dr. Edwards has long been a foe of calomel, though he recognized its value along with its dangers. His distrust of the uncertain drug eventually started him years ago towards experiments with the view of discovering a substitute, and he is today in possession of the long-sought for combination, which is in the shape of a little sugar coated, olive-oil colored tablet.

The results of 17 years' experience and practice are embodied in these marvelous little tablets. They are called Dr. Edwards' Olive Tablets. They oil the bowels, and their effect on the liver has been the means of relief to many of Dr. Edwards' regular patients as well as thousands of others who have suffered and were afraid of calomel.

They are gentle in their action, yet always effective. They bring about that exuberance of spirit that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities. 70c and 25c per box.

The Olive Tablet Company, Columbus, O.

## ROYAL MAIL CIRCLES GLOBE.

Portland, Ore., April 11.—A new transpacific steamship line from Portland to Japan and China is to be inaugurated tomorrow with the sailing of the steamship Harpagus from this port. It is planned to maintain a sailing every four weeks for the present. The new service will form the last link of a continuous world-circling service of the Royal Mail Steamship company. For the present the new service is to be carried on by steamships of the Shire Line, which is owned by the Royal Mail company, but later a fleet of 12,000 ton ships will be built for the transpacific trade.

## LOUISIANA FOR MEETING.

New Orleans, La., April 11.—Needed changes in corporation law are being discussed at the annual meeting of the Louisiana Bar association, which met here today for a two days' session. President Joseph Carroll of this city called the gathering to order. The annual address before the association will be delivered by Judge William A. Blount of Florida.

There is no case on record of a cough, cold or grippe developing into bronchitis, pneumonia or consumption after Foley's Honey and Tar Compound has been taken. The genuine is in a yellow package. Refuse substitutes. City Drug Store, J. A. Obermeyer.

## COLD IN HEAD GOES OVER NIGHT

Don't try to break up that bad cold with dangerous stomach disturbing drugs. Get directly to the inflamed membrane by breathing Booth's HYOMEI (pronounce it High-o-mo). Get a bottle for 50 cents at Coover & Shreve's and try the safe treatment that thousands are using. Into a bowl of boiling water pour a scant teaspoonful of HYOMEI, cover head and bowl with a towel, and breathe deep into the lungs the healing vapor that arises. Breathe this vapor for five or ten minutes until the head feels fine and clear, then go to bed and sleep soundly until morning. No cocaine or opium or harmful drugs in Booth's HYOMEI. It is made of Australian Eucalyptus and other antiseptics. It is guaranteed to end Colds and Catarrh or money back. Just breathe it—no stomach dosing.

## MORTUARY

Woodson.

Ira Woodson, aged 23 years, died Friday morning at 1 o'clock at his residence, 610 North West street. The deceased was born near Spencerburg, Pike county, Mo., in 1890 and is survived by his father, step-mother, two brothers, Walter and Erick, one sister, Gertrude, two half brothers, Edward and Henry Wright and one half sister, Helen Woodson.

Funeral services will be held at the residence Sunday afternoon at 2:30 o'clock and interment will be made in Jacksonville cemetery.

Self.

The funeral services of W. C. Self were conducted Friday morning at 10 o'clock from his late residence 681 East State street in charge of Rev. H. P. Cusic, assisted by Rev. F. A. McCarty and Rev. George W. Flagg. There was a large assemblage of friends to pay a last tribute of respect to one held in high esteem.

Music was furnished by a quartet composed of Miss Clara Ranson, Miss Stella Shuff, J. Phillip Read and Rev. F. A. McCarty. They sang "Face to Face," "It Is Well With My Soul," and "Home of the Soul."

The flowers were many and beautiful. There was a long piece made of lilies which contained the words "husband" and "father," a handsome offering from the Modern Woodmen, together with wreaths and cut flowers. These were kindly cared for by Mrs. Charles Cully, Mrs. G. E. Baxter, Mr. Frank Green and Miss Edna Stout.

Rev. G. W. Flagg read the 91st Psalm and the first 14 verses of the 15th chapter of St. John and the ritual was read by Rev. Mr. McCarty. The sermon was preached by the pastor of the deceased, Rev. H. P. Cusic. He took for his text part of the twenty-second verse of the 127th Psalm, "He giveth his beloved sleep."

The pastor said that sleep was symbolic of death. Sleep means rest for weariness, troubles, labor and all physical activity. Sleep also means a refreshing and prepares us for the duties of the day to follow and therefore has a double meaning. But death means a sleep to our brother, he rests from his labors, his life work is over and the reward is that promised rest of the Lord and the entering into those joys that He has prepared for the faithful. The pastor closed his discourse after offering comforting words to the family, by repeating the beautiful poem by Mrs. Browning "He Giveth His Beloved Sleep."

Burial was made in Diamond Grove cemetery and the honorary bearers were G. B. Rawlings, John Lambert, M. O. Mathews, William Elliott, Samuel Larimore and James Self. The active bearers were Carl Thornley, Walker Thornley, James G. Thornley, Edward Phillips and J. W. Breckon.

Mrs. John Bunn of Bloomington and Mr. and Mrs. C. C. Self of Woodson were among those from out of town to attend the funeral services.

Dean.

The funeral services of the late Thomas Dean were conducted Friday morning at 10 o'clock from the West Union church, in charge of Rev. Newton Ambrosius of Manchester. The papers were read by Miss Woodall, Mrs. Amelia Lamb and Miss Dean.

Interment was made in the Manchester cemetery and the bearers were William Richey of Quincy, Henry Richey of Winchester, Albert Lamb of Murrayville, Otis Hamilton, Michael Robinson and William Dean of Winchester.

TEACHERS EXAMINATIONS.

Forty persons took an examination for teachers certificates yesterday in the office of Supt. Montgomery. Others will take the examinations today.

HAVE NICKNAMED TENT.

Ennis Alkire who has been duck hunting at the La Grange locks has returned home. While away he visited the camp of the local militiamen who are stationed at Mercedosa. He was shown many points of regular army tactics in regard to camping and being on duty. Mr. Alkire says that the tent occupied by Thomas Hale, Carl Coker, Moses Chipchase, Arthur Wilkinson, Siddon Armstrong, Richard Vasey, Harrison Dickson, Max Bale and Raymond Davis has been termed "Fair Lilies of the Lily Pod."

## LITERARY SOCIETIES

HOLD JOINT MEETING

Tri Kappa and Philologist Give Splendid Program—Interesting Debate Won By Affirmative.

The Tri Kappa and Philologist literary societies held a joint meeting Friday evening in the Y. M. C. A. room of Beecher hall. President Cromwell of the girl's society presided over the first part of the meeting (up to the debate) which Secretary Bray of the Philologist acted as secretary. President Zercher of the Philologist presided over the second part of the meeting, with Miss Vivian Andrews at the secretary's desk.

The program was as follows: Readers—Vincent Cromwell—"The Dead Kitten."

Robert Capps—"The Cosmopolitan."

Elsie Wheeler—"Mr. Flocum."

Harold Zercher—"The Face on the Floor."

Extemporizers—Helen Killam—"Coeducation."

Clay Apple—"The purpose and aims of literary societies."

Music—Piano solo, "Spring Carol."

Essayists—Mary Hetick—"Home and what we make it."

Harry Pond—"Jacksonville—mother of great men and women."

Narrator—Elsie School—"My first appearance in society."

After the critic's remarks had been made Principal Welday made some very encouraging words to the two societies and congratulated them again on their late victory over Millikin.

After a recess of 10 minutes President Zercher called the meeting to order and proceeded with the debate. The question for discussion was "Resolved that foreign immigration into the U. S. should be further restricted by law." The affirmative was upheld by Fred Bray and Gladys Galaway, and the negative by Henry Watson, Harry Hinton and Paul Towne, the girl's negative debater having taken ill.

The judges consisted of the critics of the societies, Clay Apple, Elsie School, and Principal Welday. The decision was given the affirmative. Instead of the regular business meeting, the girls served a most delicious lunch, which all greatly enjoyed.

## SOCIAL EVENTS.

The children of the Trinity Sunday school enjoyed a social Friday afternoon at the residence of Mrs. C. W. Cornick, 407 West College avenue. Several games were played and after a musical program the twenty-five guests went to the dining room where dainty refreshments were served.

The South Side Circle met Friday afternoon with Mrs. Frank Bristow on West North street. There was a good attendance and the paper of the afternoon was by Mrs. J. W. Sperry on "Historical Illinois, its Famous Men and Women." The paper was full of interest and heard with profit. During the afternoon the guests were entertained by Miss Sue Fox, reader, and Miss Stella Shuff vocalist. Light refreshments were served. The next meeting will be with Mrs. John W. Follansbee on South Main street. The leader will be Mrs. H. L. Griswold and the subject "How we can make our homes more simple and useful."

Mrs. John Arisman of Hardin avenue was most pleasantly surprised Thursday evening when about thirty of her friends went in a body to her home and held a soiree. The evening was most pleasantly passed with vocal and instrumental music and social conversation. Refreshments were served and a most enjoyable evening was spent.

Miss Louise Wood of East College avenue expects to go today to Bloomington for a visit at the home of her friend Miss Bea Ellis for a few days.

Westlake-Whithee.

Mr. and Mrs. Irvin Westlake, who were married at Chestnut, Ill., Sunday, March 30, have returned to Alexander where they will make their home, the groom being employed at the F. J. Kaiser store at that place.

The wedding took place in the new Methodist Episcopal church at Chestnut, the young couple being the first to be married in the church. Mrs. Westlake, whose maiden name was Gladys Whithee, was a resident of Beason. The groom is a former resident of Chestnut and in order to get to Beason he was obliged to go through three feet of water, with the result that he was quite ill a few days after the wedding and was for a time threatened with pneumonia. Both of the young people have a wide circle of friends who will extend their best wishes.

**BIG VAUDEVILLE PUT ON AT HIGH SCHOOL**

Neat Sum Realized For Athletic Association by Entertainment in the Evening—Prin. Gore Gives Complimentary Program.

The big eight act vaudeville put on in the auditorium of the high school Friday night proved a success and \$45 was realized for the Athletic association. The vaudeville was under the management of William Alcott, who is deserving of high praise for the manner in which the entertainment was conducted. He was assisted by Abner Jackson. Those taking part on the program acquitted themselves in a manner that pleased the audience and the applause was frequent throughout.

The following was the program:  
Baritone solo—Leonard Potter.  
Saxophone solo—Frank Robinson.  
Clog dance—Orrell Rutledge, assisted by James Capps, violinist; Grace Potter, pianist.  
Musical selection—Paul Morrison, 'cello; Helen Sorrells, violin; Grace Hoffman, pianist.  
Musical act—Homer Reid, Abner Jackson.  
Two songs—William Alcott.  
Violin solo—Helen Sorrells.  
Glee act comedy—Carter, Crain, Clara Lane, Harold Williamson and Grace Potter.

**Entertainment in Afternoon.**  
An entertainment was given in the afternoon complimentary to the students by Principal W. A. Gore. The principal appreciated very highly the fact that the students refrained from pulling off "Rough Neck Day" and the entertainment he gave yesterday was a manifestation of his regard for the consideration of the students.

The main feature was a vaudeville specialty by Billy Dooley, the Scotch cowboy who is now showing at the Grand. "Billy" is very clever and a royal entertainer. Other numbers on the program included two selections by the high school band, and a musical number by Helen Sorrells, violin; Paul Morrison, 'cello and Grace Hoffman, pianist.

**SUFFERERS BROKEN LEG.**

E. A. Hutson, Employee at Bridge Co., Struck by Falling Steel Channel.

Friday about noon, E. A. Hutson, an employee at the Illinois Steel Bridge company, was struck by a steel channel, with the result that both bones of his leg were broken just above the ankle. A man who was working in the gang with Mr. Hutson stepped down from the channel and the weight of his body pushed it off the bay. Mr. Hutson did not see the steel fall and after it struck the ground it turned over, striking him on the leg. Dr. W. P. Duncan was called and the man was removed to his home on Hardin avenue, where he is getting along as well as can be expected.

**ILLINOIS AT MEREDOSIA REMAINS AT STANDSTILL**

Light Plant is in Operation—Co. M. Will Return to Champaign This Morning.

Friday the waters of the Illinois river at Meredosia remained at a standstill and the belief is that it will gradually recede until the normal stage is reached.

For the first time for more than a week Meredosia had electric lights Friday night. The water is now on a level with the floor of the plant and the building was cleaned and the machinery put in order Friday afternoon, so that Friday night operations could be resumed. Co. F. of Champaign has been released from guard duty on the levee and will return home this morning. The other companies, Co. F. of Quincy and Co. B. of this city, will be kept on duty for some time yet, but if the waters recede sufficiently they may be ordered home the early part of next week.

The strike that was threatened among the laborers Thursday has been settled. The men were being paid from 20 to 30 cents an hour and when their demands for higher wages were refused they struck. The strike lasted only a short time, however and all but a small number of the men returned to work at the old scale. Some of the strikers threatened to destroy the McGhee levee, and the patrol on the dike was armed with rifles and the number of men increased, lessening danger from this source. Work strengthening the levee was continued uninterruptedly Friday.

The levee protecting the Hartwell drainage and levee district broke Thursday night, with the result that about 12,000 acres of land were flooded. This district lies along the Illinois south of Pearl and Hillview.

**By Comparison.**

"Say, mamma, my teacher 'd make a bully highwayman!" exclaimed a boy as he rushed in from school.

"Why, Freddy, what in the world do you mean?" inquired his astonished mother.

"Why, she's always telling the children to 'hold up their hands.'"—Judge's Library.

**Took the Count.**

"Bobby, you have been fighting with that Stapleton boy again. Did you count ten before you struck him, as I have always told you to do?"

"No, but I was told that somebody counted ten after he landed on me."—Chicago Tribune.

**The Result.**

"Did the trip of the young heiress to Europe to secure a title in the matrimonial market succeed?"

"Yes, though, strange to say, it was a baron result."—Baltimore American.

**Youthful Idea In Clothes**

A FEW of the far-sighted makers of clothes awoke to the fact that most men want clothes that help them keep cheerful. They found that age wasn't the dividing factor of clothes fashions. Even men along in years want clothes with the spirit of youth. It was to these makers that we went for the charming models we are showing. You'll find the trim, shapely models in the lead, because there's character to them. Garments that hug closely to the neck, fit smoothly across the shoulders and back, tailoring you will find only in the most highly specialized clothes making organizations. You'll find the little touches on ours that are not to be had in other makes.
